**It's a little thing that makes a big difference**

There was a man taking a morning walk at the beach. He saw that along with the morning tide came hundreds of starfish and when the tide receded, they were left behind and with the morning sun rays, they would die. The tide was fresh and the starfish were alive. The man took a few steps, picked one and threw it into the water. He did that repeatedly. Right behind him there was another person who couldn't understand what this man was doing. He caught up with him and asked, "What are you doing? There are hundreds of starfish. How many can you help? What difference does it make?" This man did not reply, took two more steps, picked up another one, threw it into the water, and said, "It makes a difference to this one."

## Missing Husband

A lady went to the police station to file a report for her missing Husband:

**Lady:** I lost my Husband

**Inspector:** What is his height?

**Lady:** I never noticed

**Inspector:** Slim or healthy

**Lady:** Not slim can be healthy

**Inspector:** Colour of eyes?

**Lady:** Never noticed

**Inspector:** Colour of hair?

**Lady:** Changes according to season

**Inspector:** What was he wearin?

**Lady:** suit/casuals I don't remember exactly

**Inspector:** Was somebody with him ??????????

**Lady:** Yes my Labrador dog, Calvin, tied with a golden chain, height 30 inches, healthy, blue eyes, blackish brown hair, his left foot thumb nail is slightly broken, he never barks, wearing a golden belt studded with blue balls, he likes non veg food, we eat together, we jog together.... And the lady started crying.....

**Inspector:** Let's search for the dog first!!!!!!!

## The sick child and his mother

A child came crying to his mother and complained that he has severe stomach-ache. She told him, "It is because your belly is empty. Come and have some food." The child obeyed.

The next day the mother had a heavy head ache. The child consoled her, saying innocently, "Mommy, it is because your head is empty!"

On another occasion, the curious child asked his mother, "Mommy, why are some of your hairs turning grey?" She tried to use this occasion to reform him. "It is because of you, dear. Every bad action of yours will turn one of my hairs grey!" The child replied innocently, "Now I know why your mother has only grey hairs on her head."

Dear Students,

"When fear and struggles stare at you, don't give up! These are the times when trials will test your soul and one who stands firm on his ground shall never falter. You deserve nothing than to believe in yourself. Victory is not easily conquered, but if we have strength of determination and will, that will keep us prevailing in every battle that we face. Remember in Life - The harder the efforts you give, the more glorious you will become
