

FROM THE EDITOR'S DESK

Dear Friends,

It is a special day for all of us while we are working on the 12th issue of Buzz. Time moves on and it moves really fast!

Our team has been excited and all were charged up from the first day of planning. Things looked bit difficult initially, but not impossible! And here we are, celebrating the 1st Anniversary edition of Buzz. We thank you for placing your confidence in us.

This month onwards, we have added a new column on 'Alumni of the Month', Do Watch out for this space!

Your inputs and contributions towards our efforts to be creative, informative and making Buzz an interesting read are welcome.

I will like to conclude that the team puts real hard work in presenting a new Buzz every month. Today we are not celebrating this destination rather the successful journey of your very own 'Buzz'!

Best Wishes,
Sushil Bahl

Message From the Trainers

"When fear and struggles stare at you, don't give up! These are the times when trials will test your soul and one who stands firm on his ground shall never falter. You deserve nothing than to believe in yourself. Victory is not easily conquered, but if we have strength of determination and will, that will keep us prevailing in every battle that we face. Remember in Life - The harder the efforts you give, the more glorious you will become."

Student's Feedback

It is really a great experience to be a part of CEC. I am happy to be a new person. The best part is that I am relaxed. My confidence has reached a good level. Most importantly, I have started believing in myself.

SAMIL ALI, WLCI SRINAGAR

I was very self-centered, proud of myself and of the background that I have. I was very judgmental as well. CEC gave me a chance to actually look at my behavior and work on my weaknesses. I now have a greater faith in myself.

KIM, WLCI BANGALORE

CEC has helped me in knowing my inner feelings which were hidden for years! Programme has helped me to overcome all the negativity arising due to my fears. I am feeling light and confident.

SNEHA SHAH, WLCI HYDERABAD

CEC has helped me in many ways. I was able to identify my vision and categorize my short term goal. When I reached Noida, I was not at all confident about the presentation that I had to give for the Minor Research Project, but CEC helped me to move out of my comfort zone and gave confidence to speak in public.

RAJAS MUDAFAL, WLCI NAGPUR
